INDEPENDENT AUDITORS' REPORT

We have audited the accompanying basic financial statements of the North Carolina State Education Assistance Authority, a component unit of the State of North Carolina, as of and for the year ended June 30, 2002, as listed in the table of contents. These basic financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the North Carolina State Education Assistance Authority, as of June 30, 2002, and the changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Management's Discussion and Analysis

Management of the North Carolina State Education Assistance Authority provides this *Management's Discussion and Analysis* for readers of the Authority's basic financial statements. This narrative overview and analysis of the financial activities of the Authority is for the fiscal year ended June 30, 2002. We encourage readers to consider this information in conjunction with the Authority's financial statements which follow.

FINANCIAL HIGHLIGHTS

Net Assets -- The assets of the Authority exceeded its liabilities at fiscal year ending June 30, 2002 by \$543 million (presented as "net assets"). Of this amount, \$5.3 million was reported as "unrestricted net assets." Unrestricted net assets represent the amount available to be used to meet the Authority's ongoing operating obligations.

Changes in Net Assets -- The Authority's total net assets increased by \$46 million (a 9.3% increase) in fiscal year 2002.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the North Carolina State Education Assistance Authority's basic financial statements. The Authority's basic financial statements include four components: 1) Statement of Net Assets, 2) Statement of Revenues, Expenses and Changes in Net Assets, 3) Statement of Cash Flows, and 4) Notes to the Financial Statements. The Authority meets the criteria detailed in Government Accounting Standards Board Statement No. 14 for component units and is discretely presented in the State of North Carolina Comprehensive Annual Financial Report (CAFR) by the State Auditor's Office and the Office of the State Controller. The basic financial statements contained herein report information pertaining to the Authority.

The basic financial statements provide a broad view of the Authority's operations in a manner similar to private-sector business. The statements provide both short-term and long-term information about the Authority's financial position, which assists in assessing the Authority's economic condition at the end of the fiscal year. These are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. This basically means they follow methods that are similar to those used by most businesses. They take into account all revenues and expenses connected with the fiscal year even if cash involved has not been received or paid.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Management's Discussion and Analysis

The statement of net assets presents all of the Authority's assets and liabilities, with the difference between the two reported as "net assets." Over time, increases or decreases in the Authority's net assets may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The statement of revenues, expenses, and changes in net assets presents information showing how the Authority's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The statement of cash flows presents a reconciliation of cash and cash equivalents between beginning of year and end of year. This statement assists in assessing the Authority's ability to generate future net cash flows, ability to meet obligations as they come due, reasons for differences in operating income and cash flows from operations, and the effect of noncash transactions.

FINANCIAL ANALYSIS

Net Assets

As noted earlier, net assets may serve over time as a useful indicator of an entity's financial position. The Authority's net assets totaled \$543 million as of June 30, 2002, compared to \$497 million as of June 30, 2001.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Management's Discussion and Analysis

The largest portion of the Authority's net assets (98%) represents resources that are subject to external restrictions on how they may be used. An additional portion (1.5%) reflects the Authority's investment in capital assets such as equipment and data processing systems. The Authority uses these capital assets to provide educational assistance services; consequently, these assets are not available for future spending. The remaining balance of unrestricted net assets may be used to meet the Authority's ongoing operating obligations. Internally imposed designations of resources are not presented as restricted net assets.

At the end of the current fiscal year, the Authority is able to report positive balances in all three categories of net assets. The same situation held true for the prior fiscal year.

Changes in Net Assets

The Authority's net assets increased by \$46 million or 9.3% during the year ended June 30, 2002.

Approximately 43% of the Authority's total revenues came from interest earnings on resources invested in student loans under various education programs originated by or assigned to the Authority. An additional 21% resulted from grants (includes federal and state aid). Approximately 17% of total revenues came from the State of North Carolina for interest earnings on escheated monies held by the State. These earnings were distributed to the Authority pursuant to State law for use in providing student loans to certain North Carolina residents. Lastly, an additional 16% resulted from investment earnings on cash, cash equivalents, and short-term and long-term investments during the fiscal year.

The Authority's expenses cover a range of services. The largest expenses (31%) were for personnel costs, fees paid to others in exchange for administration of education assistance programs, collection costs related to student loans, and fees for professional and specialized services incurred by the Authority to expand and enhance its information dissemination program on planning and paying for higher education. Approximately 28% of expenses were for interest incurred on bonds issued by the Authority in order to fund federally insured student loans, 17% were for grants and aid distributed for education assistance, and 10% were for student loan service cancellations related to certain state sponsored loan programs.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Management's Discussion and Analysis

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The Authority's investment in capital assets as of June 30, 2002 amounts to \$9.5 million, net of accumulated depreciation of \$1.3 million, leaving a net book value of \$8.2 million. This investment in capital assets includes office furniture and equipment, data processing systems, and other equipment.

The total increase in the Authority's investment in capital assets for the current fiscal year was approximately \$7.2 million. This entire increase related to data processing systems designed for the Authority in order to facilitate the use of electronic means of providing education assistance and services.

Debt Administration

All bonds are the obligations of the Authority and are not deemed to constitute a debt or liability of the State of North Carolina. The general revenue bonds are secured by federally insured student loans of the Authority. All bonds are rated Aaa by Moody's and AAA by Fitch, with the exceptions of the 1995 Series A (Subordinate Lien) of \$17.35 million and the 1996 Series C (Subordinate Lien) of \$25 million, which are rated A by both agencies.

The Authority's total debt increased by approximately \$214 million (24%) during the current fiscal year. Taxable student loan revenue bonds in the amount of \$200 million were issued, as well as tax-exempt student loan revenue bonds in the amount of \$60 million. Approximately \$46 million was paid on outstanding bonds.

Additional information on the Authority's long-term debt obligations can be found in Note 7 of the notes to the financial statements of this report.

ECONOMIC FACTORS

Known items expected to have an impact on indebtedness of the Authority are the proposed issuance of roughly \$285 million in taxable and tax-exempt bonds in December 2002. These issuances are considered positive for the Authority, as they will be used to acquire student loan assets in a like amount.

Known items expected to have an impact on revenues and expenses of the Authority are the continued enhancement of electronic means of providing education assistance and services and the change of method of providing borrower benefits to students in the Federal Family Education Loan Program. For 2002-2003, the benefits will include a waiver of the origination fee; previously the benefit included a credit of the origination fee amount, at the end of the award year. This will result in higher expenses during the year ended June 30, 2003, since the "old" benefits and the "new" benefits will both be charged in that period. This "double-expenditure" will not continue in the subsequent year.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Notes To Financial Statements
June 30, 2002

1. Summary of Significant Accounting Policies

A. Organization and Reporting Entity:

Governmental Accounting Standards Board Statement No. 14 requires the discrete presentation of condensed financial statements for certain significant component units in the State of North Carolina's annual financial report. The North Carolina State Education Assistance Authority meets the criteria for a component unit and is discretely presented in the June 30, 2002, State of North Carolina Comprehensive Annual Financial Report (CAFR) by the State Auditor's Office and the Office of the State Controller.

The accompanying financial statements present all funds subject to the direct administrative authority and responsibility of the Authority. These funds are as follows:

1. Reserve Trust Fund
2. North Carolina Student Loan Fund
3. Guaranteed Student Loan Revenue Bond Fund
4. North Carolina Student Incentive Grant Program
5. UNC Need-Based Grant Program
6. North Carolina Student Loan Program for Health, Science and Mathematics
7. North Carolina Nurse Scholars Program
8. North Carolina Masters Nurse Scholars Program
9. North Carolina Nurse Education Scholarship Loan Program
10. Principal Fellows Loan Program
11. Social Workers Scholarship Loan Fund
12. Paul Douglas Teacher Scholarship Program
13. Golden LEAF Scholars Program
14. North Carolina National College Savings Program
15. State Budget Code 66011
16. Contingency Fund

A special restricted trust fund, maintained in State budget code 66010, is used to insure loans to students by eligible lenders according to the provisions of the Higher Education Act of 1965 and the National Vocational Student Loan Insurance Act of 1965.

B. Basis of Presentation:

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB), which consist of GASB Statements and Interpretations, as well as American Institute of Certified Public Accountants (AICPA) and Financial Accounting Standards Board (FASB) pronouncements specifically made applicable to state and local governmental entities by GASB Statements and Interpretations. In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the State does not apply FASB pronouncements issued after November 30, 1989 for proprietary activities, unless the GASB amends its pronouncements to specifically adopt FASB pronouncements issued after that date.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Notes To Financial Statements
June 30, 2002

1. Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation (Continued):

Pursuant to the provisions of GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, effective for the Authority's year ended June 30, 2002, the full scope of the Authority's activities is considered to be a single business type activity (BTA) and accordingly, is reported within a single column in the basic financial statements.

C. Basis of Accounting:

The financial statements of the Authority have been prepared on the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

The Authority is a sub-agency of the University of North Carolina - General Administration (UNC-GA). As a sub-agency, its records are maintained on the UNC-GA accounting system under the National Association of Colleges and University Business Offices fund structure. For state level (CAFR) reporting requirements, the financial records of the Authority are presented under the GASB enterprise proprietary fund format. This enterprise proprietary fund includes all resources, liabilities and transactions pertaining to primary and supportive operational activities of the Authority.

Accounting records for funds with state appropriated budgets are maintained on the cash basis of accounting. The cash basis records are adjusted as of the end of the fiscal year in order to prepare accrual basis financial statements. State budgets are maintained in compliance with provisions of the Executive Budget Act, North Carolina General Statutes 143-1 through 143-34.5, and trust funds are maintained in compliance with General Statute 116-36.1.

The Statement of Net Assets includes a self-balancing set of assets, liabilities, and net assets that report the financial position of the Authority at the end of the fiscal year ended June 30, 2002. The Statement of Revenues, Expenses and Changes in Net Assets includes the one accounting fund group and identifies activities which changed net asset balances during the fiscal year.

D. Cash and Cash Equivalents:

This classification appears on the Statement of Net Assets and the Statement of Cash Flows and includes deposits held by the State Treasurer in the short-term investment portfolio more fully discussed in Note 2, as well as cash on deposit with trustees/custodians and commercial banks. Investments are deemed to be cash equivalents if they are readily convertible to cash and have original maturities of three months or less with the exception of commercial repurchase agreements which are considered short-term investments. The short-term investment portfolio maintained by the State Treasurer has the general characteristics of a demand deposit account in that participants may deposit and withdraw cash at any time without prior notice or penalty.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Notes To Financial Statements
June 30, 2002

1. Summary of Significant Accounting Policies (Continued)

E. Investments:

This classification includes deposits held by the State Treasurer in certain long-term investment portfolios more fully discussed in Note 2, as well as investments with trustees and commercial banks. Investments are generally valued at fair value. Additional investment valuation information is provided in Note 2. The net increase (decrease) in the fair value of investments is recognized as a component of investment earnings.

F. Receivables:

Provision for expenses and losses on receivables is made in amounts required to maintain an adequate allowance to cover receivables paid through service cancellations and bad debts. At year end, the allowance is adjusted by management based on review of the receivables.

G. Inventories:

Inventories held by the Authority are priced at the lower of cost or market using the first-in, first-out method. The inventory consists of postage.

H. Capital Assets:

Capital assets are stated at cost at date of acquisition or fair value at date of donation in the case of gifts. The Authority capitalizes assets that have a value or cost in excess of \$5,000 at the date of acquisition and an expected useful life of one or more years. Depreciation is computed using the straight-line method over the estimated useful life of the assets as follows: Office furniture and equipment and data processing systems, 5 years; other equipment, 10 years.

I. Restricted Assets:

Restricted assets represent assets whose use is restricted by external parties or by law through constitutional provisions or enabling legislation.

J. Noncurrent Long-Term Liabilities:

Noncurrent long-term liabilities include arbitrage rebate payable, amounts due to participants in the IRC Section 529 savings plan, principal amounts of bonds payable, and compensated absences that will not be paid within the next fiscal year.

K. Compensated Absences:

The Authority's policy is to record the cost of vacation leave when earned. The policy provides for a maximum accumulation of unused vacation leave of 30 days which can be carried forward each January 1st or for which an employee can be paid upon termination of employment. Also, any accumulated vacation leave in excess of 30 days at year-end is converted to sick leave. Under this policy, the accumulated vacation leave for each employee at June 30th equals the leave carried forward at the previous December 31st, plus the leave earned, less the leave taken between January 1st and June 30th.

When classifying compensated absences into current and noncurrent, leave is considered taken using a last in, first out method.

1. Summary of Significant Accounting Policies (Continued)

L. Net Assets:

The Authority's net assets are classified as follows:

Invested in Capital Assets, net of Related Debt: This represents the Authority's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted Net Assets -- Nonexpendable: Nonexpendable restricted net assets include endowments and similar type assets whose use is limited by donors or other outside sources and as a condition of the gift, the principal is to be maintained in perpetuity. The Authority currently has no nonexpendable restricted net assets.

Restricted Net Assets -- Expendable: Expendable restricted net assets include resources in which the Authority is legally or contractually obligated to spend the resources in accordance with restrictions imposed by external parties.

Unrestricted Net Assets: Unrestricted net assets include resources derived from noncapital state grants and related state-supported loan programs.

Restricted and unrestricted resources are traced using a fund accounting system and are spent in accordance with established fund authorities. Fund authorities provide rules for the fund activity and are separately established for restricted and unrestricted activities. Resources are applied on a transactional basis with unrestricted resources applied to expenses of a general unrestricted nature and to expenses of a restricted nature when restricted resources are unavailable. Restricted resources, when available, are applied to appropriate restricted expenses.

M. Income Taxes:

The Authority is a political subdivision of the State of North Carolina. Accordingly, exemption from state and local taxation is provided by Chapter 116, Article 23 of the North Carolina General Statutes. Internal Revenue Code Section 115 provides exemption from federal income taxes.

N. Accounting Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Notes To Financial Statements
June 30, 2002

2. Deposits and Investments

A. Deposits:

Cash and cash equivalents include cash in the State Treasurer's Cash and Investment Pool and Budget Code Cash; funds held by trustees/custodians in interest bearing money market accounts; and bank accounts totaling \$328,178,247 at June 30, 2002. The Authority's portion of the State Treasurer's Cash and Investment Pool was \$320,857,599 at June 30, 2002. It is the State Treasurer's policy and practice for deposits not covered by federal depository insurance to be covered by collateral held by the State of North Carolina's agent in the name of the State and for the investments to be held by the State's agent in the State's name. The carrying amount of the Authority's deposits not with the State Treasurer at June 30, 2002 was \$7,320,648. These deposits were held by trustees/custodians in money market funds and were uninsured and uncollateralized.

North Carolina General Statutes 147.69.1(c) and 147-69.2 authorize the State Treasurer to invest in the following: obligations of or fully guaranteed by the United States; obligations of certain federal agencies; repurchase agreements; obligations of the State of North Carolina; time deposits of specified institutions; prime quality commercial paper, and asset-backed securities with specific ratings; specified bills of exchange or time drafts and corporate bonds and notes with specified ratings; general obligations of other states; general obligations of North Carolina local governments; and obligations of certain entities with specified ratings.

B. Investments:

The Authority is authorized by the University of North Carolina Board of Governors pursuant to General Statute 116-36.2 to invest its special funds in the same manner as the State Treasurer is required to invest, as previously discussed. All of the Authority's investments with the State Treasurer are invested in such a way.

Investments maintained by the Authority (separate from those maintained by the State Treasurer) are comprised of repurchase agreements and U.S. Government obligations held by trustees/custodians. These investments are category one securities held by the Authority's agent in the Authority's name.

Investments at June 30, 2002, are summarized as follows:

State Treasurer Long-Term Investment Pool	\$ 42,660,165
Repurchase Agreements	148,464,380
U. S. Government Obligations	28,493,313
Mutual Funds	23,992,197

5. Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities at June 30, 2002 were as follows:

Accounts Payable	\$ 8,756,188
Accrued Payroll	50,372
Intergovernmental Payables	27,374,950
Arbitrage Rebate Payable	<u>2,649,873</u>
	<u>\$ 38,831,383</u>

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Notes To Financial Statements
June 30, 2002

6. Revolving Line of Credit

The Authority has a revolving line of credit with three banks. The amount of the line of credit at June 30, 2002 was \$10,000,000 and there was no balance outstanding. This line is secured by pledged student loans. The proceeds of the line of credit are used for the funding of eligible student loans. Interest accrues at a variable rate as determined by the credit agreement. The line of credit expires on December 31, 2003 and is renewable by mutual agreement of the parties.

7. Noncurrent Liabilities

A. Changes in Noncurrent Liabilities:

A summary of changes in noncurrent liabilities for the year ended June 30, 2002 is presented as follows:

	Balance July 1, 2001	Additions	Deletions	Balance June 30, 2002	Current Portion
Bonds Payable	\$ 889,630,700	\$ 260,000,000	\$ 46,224,700	\$ 1,103,406,000	\$ 1,000,000

7. Noncurrent Liabilities (Concluded)

The Taxable Guaranteed Student Loan Revenue Bonds, 1995 Series B (Senior Lien) are auction rate bonds due July 1, 2015. The Tax-Exempt Guaranteed Student Loan Revenue Bonds, 1997 Series E (Senior Lien) are auction rate bonds due July 1, 2027. The Taxable Guaranteed Student Loan Revenue Bonds, 1998 Series F (Senior Lien) are auction rate bonds due July 1, 2028. The Taxable Guaranteed Student Loan Revenue Bonds, 2000 Series G (Senior Lien) are LIBOR Indexed Bonds due June 1, 2009. The Taxable Guaranteed Student Loan Revenue Bonds, 2001 Series H (Senior Lien) are LIBOR and CP Indexed Bonds due December 1, 2012. The Taxable Guaranteed Student Loan Revenue Bonds, 2001 Series I (Senior Lien) are LIBOR and CP Indexed Bonds due December 1, 2013. The Tax-Exempt Guaranteed Student Loan Revenue Bonds, 2001 Series J (Senior Lien) are auction rate bonds due July 1, 2031. All of the above series have a variable interest rate that changes weekly to quarterly. The annual interest requirements in the schedule above were calculated using the rate in effect on June 30, 2002. Therefore, the debt service interest requirement on the 1995 Series B, 1997 Series E, 1998 Series F, 2000 Series G, 2001 Series H, 2001 Series I, and 2001 Series J bonds will change on a weekly to quarterly basis throughout the life of the bonds.

8. Arbitrage Rebate Payable

The Internal Revenue Code (IRC) and arbitrage regulations issued by the IRS require rebate to the federal government of excess investment earnings on bond proceeds if the yield on those earnings exceeds the effective yield on the related tax-exempt bonds issued. Regulations also exist for calculating rebate earnings in connection with the accounting for bond proceeds, refunding issues, and proceeds that are commingled with other funds for investment purposes. Rebates are payable every five years from date of bond issue or upon maturity of the bonds, whichever is earlier.

Additionally, the IRC and U. S. Treasury Regulations permit issuers of qualified student loan tax-exempt obligations to earn no more than 2.0% above the bond yield on the qualified student loans financed with such tax-exempt obligations. For excess earnings on qualified student loans, issuers may elect to pay such excess to the U.S. Treasury or return such excess to the borrowers of qualified student loans financed by the tax-exempt obligations. The Authority has elected to implement a program of borrower benefits in order to return such excess to borrowers.

The Authority had computations made to determine the liability at June 30, 2002. Based on those results, the Authority incurred expense of \$921,311 for the year ended June 30, 2002. This expense is determined using the "Future Value" method of determining cumulative arbitrage liability, as set forth in the U.S. Treasury Regulations and is based on cash flows created by investment, sale, maturity of and earnings on gross bond proceeds. As of June 30, 2002, the Authority reported \$ 2,649,873 arbitrage rebate payable. The Authority's General Resolution requires that funds equal to the amount of the liability be deposited in the Rebate Fund maintained by the Bond Trustee by September 30 of each year.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Notes To Financial Statements
June 30, 2002

9. Intergovernmental Payables

The amount of net assets attributable to federal student loan reserves is the accumulated portion of the Authority's net assets derived from the Federal Family Education Loan Program (FFELP) guarantee operations of the Authority. On August 5, 1997, the Higher Education Act was amended by the Balanced Budget Act of 1997. Under this amendment, the Secretary of Education (the Secretary) is required to recall \$1 billion on September 1, 2002, of FFELP reserve funds. The amount owed by each guarantor is based on the agency's reserves and reserve ratio as of September 30, 1996. For purposes of calculation, the reserves include any Federal Student Loan Reserve Account funds in cash or liquid assets held by the agency. The reserve ratio is defined as the amount of the agency's Federal Student Loan Reserve Account as of September 30, 1996, divided by the original principal amount of all outstanding insured loans on that date. Each agency must transfer its required share to a separate account in five equal annual installments for the federal fiscal years 1998 through 2002. The Authority's amount of prorated share of the \$1 billion is \$27,320,877 as determined by the U.S. Department of Education.

The Authority has deposited \$5,464,175 each fiscal year beginning December 1997 into a separate account for a total of \$27,320,877 at June 30, 2002, and may not use the funds for any purpose without the express written permission of the Secretary, except for performing certain default reduction activities as outlined in the Balanced Budget Act of 1997. The funds are reflected in current restricted cash and cash equivalents and current restricted investments of the Authority. At the end of the five-year period, the reserve funds in the separate account will be transferred to the U.S. Department of Education.

10. Pension Plans

A. Retirement Plans:

Each permanent full-time employee, as a condition of employment, is a member of either the Teachers' and State Employees' Retirement System of North Carolina or the Optional Retirement Program.

The Teachers' and State Employees' Retirement System (System) is a multiple-employer, cost sharing defined benefit pension plan administered by the North Carolina State Treasurer. Additional detail information about the System can be located in the State of North Carolina's Comprehensive Annual Financial Report.

Benefit and contribution provisions for the Teachers' and State Employees' Retirement System are established by North Carolina General Statute 135-5 and 135-8 and may be amended only by the North Carolina General Assembly. Employer and member contributions rates are set each year by the North Carolina General Assembly based on annual actuarial valuations. For the year ended June 30, 2002, these rates were set at 1.97% of covered payroll for employers and 6% of covered payroll for members. The Authority has no pension plan obligations beyond the matching already paid into the System.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Notes To Financial Statements
June 30, 2002

10. Pension Plans (Continued)

The Optional Retirement Program (Program) is a defined contribution retirement plan which provides retirement benefits with options for payments to beneficiaries in the event of the participant's death. Administrators of the Authority may join the Program instead of the Teachers' and State Employees' Retirement System. The Program offers plans administered by the Teachers' Insurance Annuity Association and College Retirement Equities Fund (TIAA-CREF), Lincoln Life Insurance Company, Variable Annuity Life Insurance Company (VALIC), and Fidelity Investments. Participants may elect to allocate their contributions and the employer contributions to any one of the carriers or may direct their contributions to one carrier and the employer contributions to another. Each carrier offer a variety of investment funds, including both fixed and variable account investment options and mutual funds.

Participant eligibility and contributory requirements are established by general Statute 135-5.1. Employer and member contributions rates are set each year by the North Carolina General Assembly. For the year ended June 30, 2002, these rates were set at 6.84% of covered payroll for employers and 6% of covered payroll for members. The Authority assumes no liability other than its contribution.

Participants in the Program are immediately vested in the value of employee contributions. The value of employer contributions is vested after five years of participation in the Program. Participants become eligible to receive distributions when they terminate employment or retire.

For the year ended June 30, 2002, the Authority had a total payroll of \$1,569,520 of which \$1,345,907 was covered under the Teachers' and State Employees' Retirement System and \$157,968 was covered under the Optional Retirement Program. Total employee and employer contributions for pension benefits under the Teachers' and State Employees' Retirement System for the year were \$80,754 and \$26,514, respectively. Total employee and employer contributions under the Optional Retirement Program for the year were \$9,478 and \$10,805, respectively.

B. Deferred Compensation and Supplemental Retirement Income Plans:

IRS Section 457 Plan - The State of North Carolina offers its permanent employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457 through the North Carolina Public Employee Deferred Compensation Plan (the Plan). The Plan permits each participating employee to defer a portion of his or her salary until future years. The deferred compensation is available to employees upon separation from service, death, disability, retirement or financial hardships if approved by the Board of Trustees of the Plan. The Board, a part of the North Carolina Department of Administration, maintains a separate fund for the exclusive benefit of the participating employees and their beneficiaries, *the North Carolina Public Employee Deferred Compensation Trust Fund*. The Board also contracts with an external third party to perform certain administrative requirements and to manage the trust fund's assets. All costs of administering and funding the plan are the responsibility of the Plan participants. No costs are incurred by the Authority. The voluntary contributions by employees amounted to \$1,200 for the year ended June 30, 2002.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Notes To Financial Statements
June 30, 2002

10. Pension Plans (Continued)

IRS Section 401(k) Plan - All members of the Teachers' and State Employees' Retirement System and the Optional Retirement Program are eligible to enroll in the Supplemental Retirement Income Plan, a defined contribution plan created under Internal Revenue Code Section 401(k). All costs of administering the plan are the responsibility of the Plan participants. No costs are incurred by the Authority. The voluntary contributions by employees amounted to \$240 for the year ended June 30, 2002.

IRS Section 403(b) and 403(b)(7) Plans - Eligible Authority employees can participate in tax sheltered annuity plans created under Internal Revenue Code Sections 403(b) and 403(b)(7). The employee's eligible contributions, made through salary reduction agreements, are exempt from federal and state income taxes until the annuity is received or the contributions are withdrawn. These plans are exclusively for employees of universities and certain charitable and other non-profit institutions. All costs of administering and funding these plans are the responsibility of the Plan participants. No costs are incurred by the Authority. The voluntary contributions by employees amounted to \$6,680 for the year ended June 30, 2002 .

11. Other Postemployment Benefits

A. Health Care for Long-Term Disability Beneficiaries and Retirees:

The Authority participates in state administered programs which provide postemployment health insurance to eligible former employees. Additional detailed information about these programs can be located in the State of North Carolina's Comprehensive Annual Financial Report. The Authority contributed 2.35% of covered payroll totaling \$35,341 under the Teachers' and State Employees' Retirement System and the Optional Retirement Program for these health care benefits for the year ended June 30, 2002. The Authority assumes no liability for retiree health care benefits provided by the programs other than its required contribution.

B. Long-Term Disability:

The Authority participates in the Disability Income Plan of North Carolina (DIPNC). Established by Chapter 135, Article 6 of the General Statutes, DIPNC provides short-term and long-term disability benefits to eligible members of the Teachers' and State Employees' Retirement System or the Optional Retirement Program. The plan provides disability income to eligible participants. Additional detailed information about the Plan can be located in the State of North Carolina's Comprehensive Annual Financial Report. The Authority contributed .52% of covered payroll totaling \$7,820 under the Teachers' and State Employees' Retirement System and the Optional Retirement Program for the year ended June 30, 2002. The Authority assumes no liability for long-term disability benefits under the plan other than its contribution.

NORTH CAROLINA
STATE EDUCATION ASSISTANCE AUTHORITY
Notes To Financial Statements
June 30, 2002

12. Insurance

Physical plant and equipment used by the Authority and reported on the statement of net assets are owned by the State of North Carolina. To provide financial protection for this ownership equity in assets, the State maintains a State Property Fire Insurance Fund as self-insurance against losses which might occur to state-owned property. This fund is administered by the North Carolina Department of Insurance and is maintained without direct cost to individual State agencies. Extended coverage insurance is available at a cost to electing agencies.

13. Accounting Changes

Effective July 1, 2001, the Authority implemented GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. Significant accounting changes in order to comply with the new requirements include classifying assets and liabilities as current or noncurrent, classifying net assets into three distinct classes, classifying activities as operating or nonoperating, and the use of the direct method for the preparation of the statement of cash flows.

In addition, the Authority implemented GASB Statement No. 38, *Certain Financial Statement Note Disclosures*. Changes in existing disclosures include more detailed information on debt service requirements. New disclosures include variable debt interest information, the major components of receivable and payable balances, and detailed information regarding net asset classifications.
